

## Ready or Not

Dear brethren,

In this post, I will be sharing about a dream that we received some time ago but didn't understand until now. We went back to review it during our lunch conversation after our last Sabbath service, because we had understood the heavenly situation better, and we wanted to know if we could understand the dream better in light of our improved understanding. Indeed, with some fresh ideas, the dream ultimately fell into place, confirming our message of that time. Here is the dream, compiled from several messages for clarity:

Dream of Miriam  
April 2, 2022

I dreamed of two trucks that do moving or freight. They came to an area where there were two groups of people waiting to travel, and they start unloading things. It was dusk. Some stars began to appear, some dark clouds and in the center of the sky, a white cloud like cotton. It was very quiet, very peaceful.

One person was in the first truck, and he unloads two large, square white boxes, very little food (about two small boxes), and three glass bottles—one large, 10-liter bottle with a cleaning liquid in it and two bottles of about 1 liter. One had a sweet soft drink in it and the other looked like water because it was very transparent. These things were all left for the first group of people, whom I recognized. They didn't need the truck to bring anything, but they received the few things he brought for them. They were already prepared and waiting quietly, ready for travel.

When the driver for this group was finished unloading, he greeted the group, saying "Have a good trip." (In reality, I know this person. He is a public auctioneer who has a real estate agency. He is vaccinated.)

The other truck had three people bringing down many packages of different sizes. These things were for the second group of people, whom I didn't recognize. This second group was in a hurry,

running back and forth because they didn't have time to arrange and pack all their bags. They were very disorderly and messier than the first group.

When this group sees the things coming down from the trucks, they get desperate to collect things, and in the process, they break the bottles that were for the first group. The first group was dumbfounded when the last bottle, the big one, was broken.

First of all, notice that this was dreamt on April 2, 2022. That was the Sabbath when we understood how the sealing was completed with the three rounds of the moon as explained in [Ezekiel's Cross](#) from Sabbath, January 15, when the moon was in Orion's hand until Sabbath, April 2, when the moon came into Aries, the third constellation of the seal. Thus, it should be related to that message, and indeed it is a confirmation of it, as you will see!

The main thing that confused us from the beginning was the fact that the lone driver of the truck for the first group was known to be vaccinated. This led us to believe that he must represent someone bad, yet he was delivering for the prepared group. But bear in mind, that this detail was not part of the dream, but simply a known detail from reality, and does not have to play a role in the dream. More important is the knowledge that this man has a real estate agency and is an auctioneer—one who judges when participants' decisions are made and closes the bidding process for the items for sale. From these two details, we get a much different and better picture of why God chose that man in the dream, rather than from his vaccination status.

Our great Judge is Jesus, who, like an auctioneer has been watching His people (Christians) to see when they are ready, to close the bidding process (probation) and settle to whom His real estate—the mansions He has prepared—should go to.

Do you see already how it is connected with the sealing, when those who sigh and cry are marked and sealed for God's kingdom? It is a confirmation dream for the sealing study we received that day! He effectively says to those whom He gave His gifts, "You're sealed and travel ready. Have a good trip!"

In this context, we can understand what the gifts were that He brought. First of all, there were two white boxes. These represent the two websites where all our studies have been presented so that everyone can wash their robes and make them white for the wedding. Similarly, the three bottles represent the timeframe of the message. The message has been given over the course of 12 years, as many liters of liquid as were delivered in the bottles. For about the first year, the message was sweet like the one-liter bottle with a sweet drink. It reminds one of the Miller experience of the sweet book in the mouth that became bitter in the stomach. In our experience—especially for Brother John—the sweetness was tempered by the bitter rejection that came from so-called brethren and made the way much more difficult.

But through persistence, the message was delivered for about ten more years. It was a message for cleansing the church, hence the cleaning liquid it contained. That reached until the sealing of the 144,000 was completed on May 19, 2021—about one year ago. This is not to be confounded with the present sealing, or marking of the man in linen, which determines who will be spared the slaughter and who not. The message of the last year is characterized by the water of life flowing from the throne of God, as represented in Aquarius. In this time, we received the Horologium clock, and ultimately our understanding has greatly increased like a flood since the final sealing began with Hunga Tonga's eruption, which represents the voice of God proclaiming the time of His return. Now, there is but little time remaining, and thus, very little food is given. The 1260 + 372 + 51 portions are almost entirely used up and very little is needed for the travel.

That the unprepared group broke the bottles means that they did not value the message but despised it. They wasted the twelve years of the warning messages from heaven. For us who see great and precious treasure in this message, we have often been found dumbfounded when we saw the careless treatment it received from others. They receive from a different truck who gives them many little packages of little value, which they, in a very disorderly way, frantically try to collect. How many receive disconnected little bits of prophecies, dreams, etc., but have no idea how to arrange them and pack them in their bags! They are as seed sown, but for various reasons, unable to germinate and grow to maturity. They are not prepared for travel.

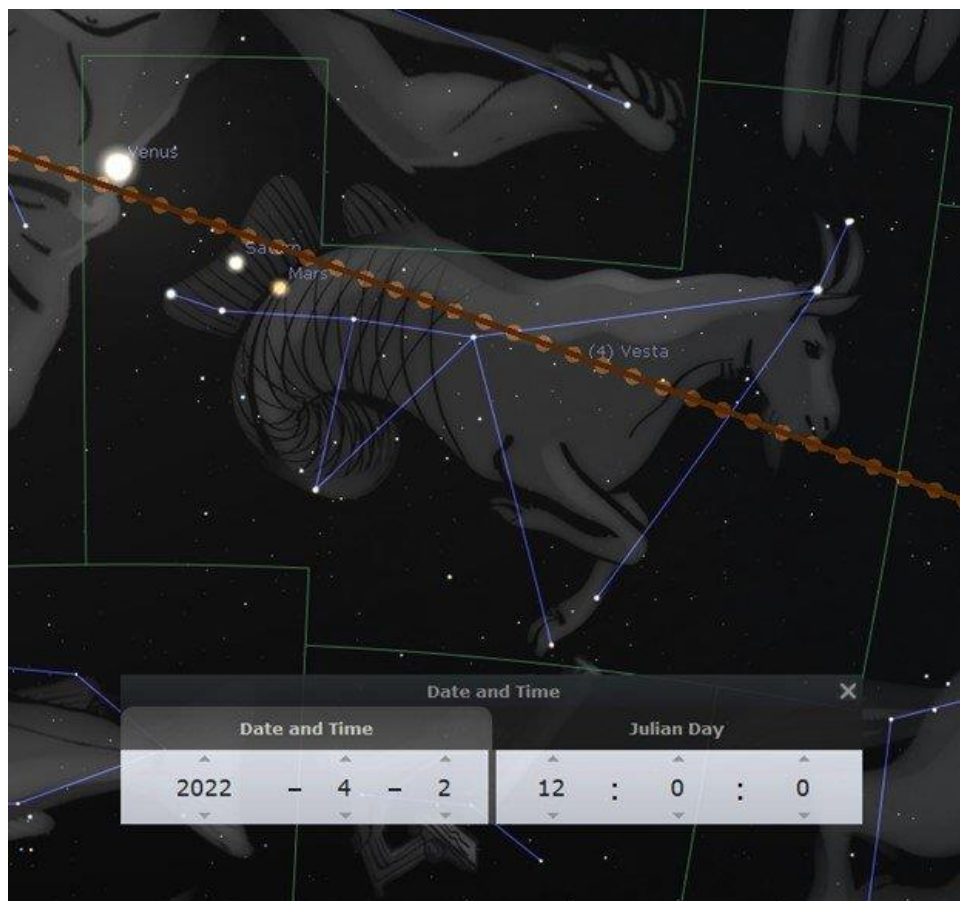

The three people in their truck represent the three spirits like frogs.

*For they are the spirits of devils, working miracles, which go forth unto the kings of the earth and of the whole world, to gather them to the battle of that great day of God Almighty. (Revelation 16:14)*

These ultimately fight against the Lamb and will be left behind, unprepared for travel. They break the covenant (*tav*); the seal that would have prepared them. Their only chance for heaven is broken because they didn't care for it, and without the message of those bottles, they will hunger for the word of God.

The dream also has a heavenly application. The three people in the second truck represent the three heavenly bodies in Capricornus on the dream date, which we already accurately associated with the mouths from which the three frogs come out.

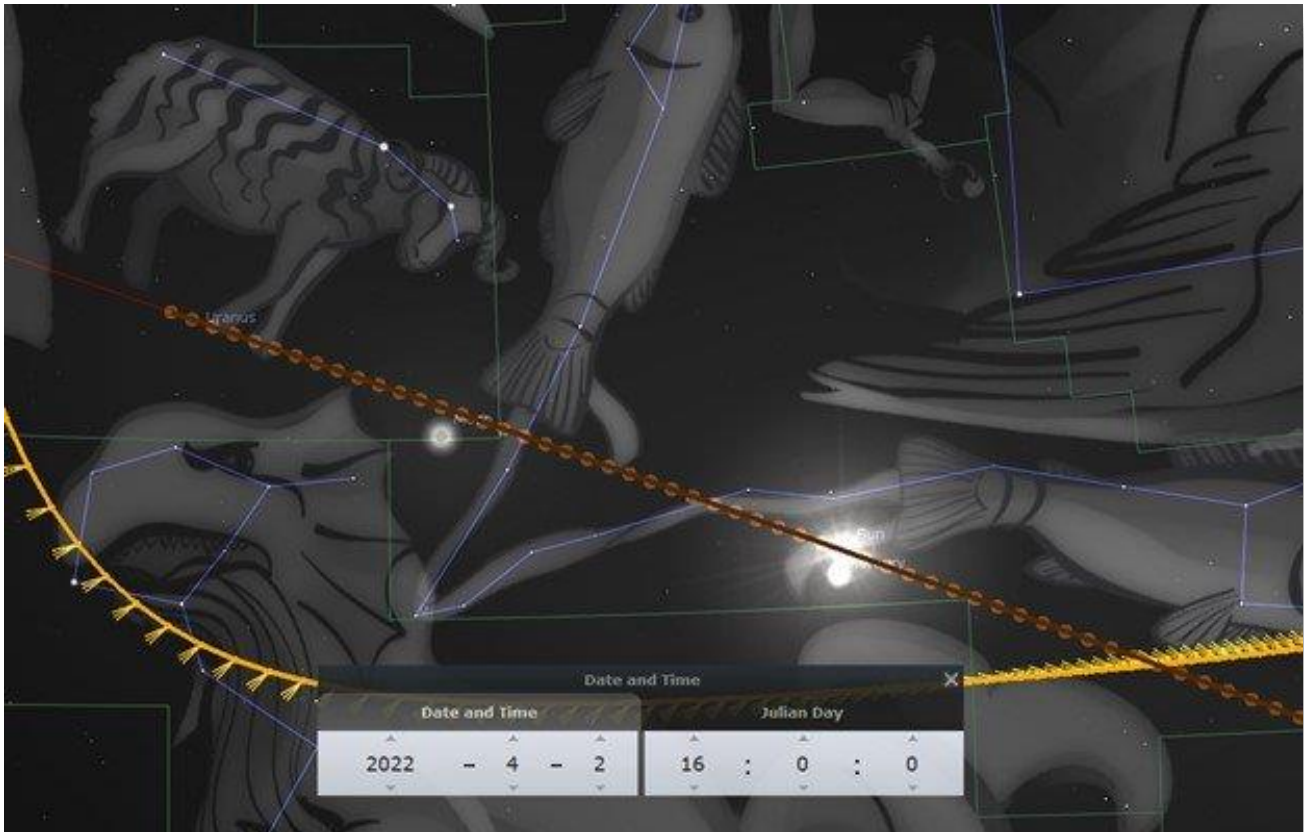

*And I saw three unclean spirits like frogs come out of the mouth of the dragon, and out of the mouth of the beast, and out of the mouth of the false prophet. (Revelation 16:13)*

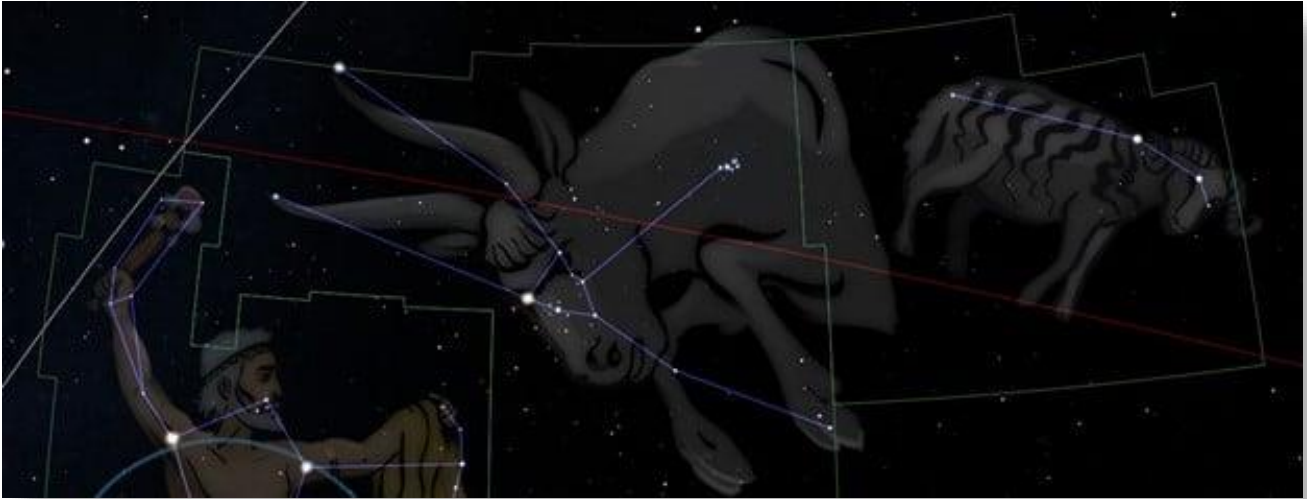

As we explained before, Saturn represents Satan, the dragon, Venus the EU beast he rides, and Mars the NATO war machine—which is driven by the false prophet, the US.

On the other hand, the driver of the other truck is represented as the lone body (the moon) coming into Aries, and the delivery he brings of the two large white boxes is depicted coming in Pisces with the conjunction of Mercury and the Sun:

Since the sealing of Ezekiel’s Cross was completed on that date, this conjunction can be identified as the angel who stands in the sun, calling to the birds to eat the flesh of many (the slaughter of Ezekiel 9). This is not new, as we also understood the angel standing in the sun to be represented by a Mercury–sun conjunction in the past.

Thus is completed the heavenly seal explained in Ezekiel’s Cross, the three constellations of which are represented in another way by the three bottles. Orion has but a small part in connection with the ecliptic, and Aries is also shorter in comparison to the large span of Taurus in the middle. The sweet drink corresponds to Orion, from whence the Holy City will descend. The cleaning liquid corresponds to Taurus, the sacrificial altar where sins are purged. The clear water represents the purity of the Lamb.

Furthermore, note the relationship between these constellations and the temple area! **In this setting**, Taurus represents the altar of sacrifice that was in the (large) inner courtyard, where also the laver was located. That corresponds to the 10 years of cleansing message. The outer courtyard is represented by Aries. Here is where the gentiles were allowed to go to receive the living water from the Lamb. Orion represents the heavenly sanctuary with all its beauty yet hidden from the view of all but the ministering priests.

We hope that this message serves as an encouragement to you and that each one may be counted among that prepared group who were ready for travel. Entrust your case wholly to the Lord and purge your consciences through repentance from everything that would bring any sense of guilt, leading to fear before Him. His grace is sufficient for you.
